A Collaborative Approach: Hindustan Latex Family Planning Promotion Trust contribution towards the National AIDS Control Programme

"ONE OF THE BEST WAYS TO FIGHT WITH STIGMA AND EMPOWER HIV-POSITIVE PEOPLE IS BY SPEAKING OUT OPENLY AND HONESTLY ABOUT WHO WE ARE AND WHAT WE EXPERIENCE".

-Alex Garner

December 1st is observed every year as "**World AIDS Day**" all over the world. The main motto behind celebrating the day is to raise public awareness about Acquired Immune Deficiency Syndrome (HIV/AIDS). This year the theme for the World Aids Day 2019 was "**Ending the HIV/AIDS Epidemic: Community by Community.**"

World AIDS Day was first observed in 1988 and each year, different organisations across the world bring attention to the HIV epidemic; endeavour to increase HIV awareness and knowledge. According to World Health Organisation (WHO), "37.9 million people living with HIV at the end of 2018, 79 percent received testing, 62 percent received treatment, and 53 percent had achieved suppression of the HIV virus with reduced risk of infecting others."

In reference to India's commitment towards '**End of AIDS**' by 2030, the Government of India through National AIDS Control Organisation (NACO) adopted a concerted and collaborative approach to intensify the HIV/AIDS intervention in the country. As one of the collaborative approaches, HLPPT plays the role of a technical partner for the National AIDS Control Programme (NACP) by implementing **6 Technical Support Unit (TSU) covering 184 districts** in the 9 States/ UT.

HLPPT provides technical support to **11759 facilities** in the **09 States/UTs** from Prevention to Treatment programme, from quality service delivery to capacity building and activities related to strengthening the National AIDS Control Programme (NACP) implementation. TSUs also provides technical support in evidence-based strategic planning, need-based capacity building with a thrust on quality programme implementation.

Besides providing Technical Support, HLPPT is

also providing Care and Support under Vihaan Programme to People living with HIV (PLHIV) as a Sub-Sub recipient (SSRs) in Punjab and Rajasthan, since 2013. Presently, HLPPT is managing 17 Care and Support Centre (CSCs) in Rajasthan, 8 in Punjab, 11 CSCs in Madhya Pradesh, 13 in Telangana and

Mr. Sharad Agarwal
CEO-HLPPT

7 CSC in Kerala. Care and Support Centre (CSC) is a comprehensive facility for providing, counselling, referral, outreach services and linkages to Social entitlements and Social welfare schemes to the registered PLHIV.

Additionally, in order to create an enabling environment for better uptake of Prevention of Parent to Child Transmission (PPTCT) Services, HLPPT is managing Ahanna Programme in 27 districts of Chhattisgarh and 38 districts of Bihar state w.e.f. 1st January 2018.

Under the project, HLPPT is working towards an increase in uptake of PPTCT services by promoting periphery level HIV screenings among pregnant women as part of ANC, for early identification of positive pregnant women and linking them with PPTCT services to ensure overall elimination of Mother to child transmission (EMTCT) of mother to child transmission in the country as per the global goal committed by the Government of India.

Despite the efforts, there are thousands of HIV patients, who are still not aware of their HIV status in the country, treatments and medications for HIV. Since the Ministry and its State departments are doing extensive work at the ground and we stand in solidarity with the Government of India towards eradicating HIV/AIDS from India within the stipulated time frame by adopting a 360-degree approach of inter-departmental convergence.

FOCUS STORY

One more step forward to eliminate HIV/AIDS from India: World Aids Day observed by HLFPPPT

India has the third-largest HIV epidemic in the world, with an estimation of 2.1 million people living with HIV. This epidemic is concentrated among key

affected populations including sex workers and men who have sex with men.

However, the National AIDS Control Programme has made particular efforts to reach these two high-risk groups with HIV interventions but still, the journey is far longer to accomplish. Despite the free antiretroviral treatment being available across India, uptake **remains low** as many people face difficulties in accessing clinics and ART Centres. However, as compared to neighbouring countries, India has made good progress in reducing new HIV infections by half, since 2001.

The world AIDS day is observed to enhance the mass awareness on HIV/AIDS topics. Since the theme of this year's World AIDS Day is "Communities make the difference", It is an important opportunity to recognize the essential role that communities have played and continue to play in the AIDS response at the international, national and local levels. In Rajasthan HLFPPPT and RSACS in partnership with other stakeholders organized a Matri Cricket Match on 21st December,2019 at Sawai Mansingh Stadium, Jaipur. The

purpose of organizing this Matri Cricket Match was to enhance the mass awareness and reducing stigma and discrimination against PLHIV. Around 1000 of youths from different colleges participated and also access the service of toll free helpline 1097 for the information of HIV/AIDS. During the event HLFPPPT's contribution in the field of HIV/AIDS was acknowledged and Project Direct,

Rajasthan State AIDS Control Society given a memento and Certificate for the HLFPPPT's contribution in the field of HIV/AIDS. In coordination with PSACS and RSACS the field workers doing the good work in the field were felicitated at state level event on the observance of World AIDS day on 9th December,2019 and 30th December,2019 respectively.

NEW PROJECTS

State Health Society awarded HLFPPPT to Train the Trainers on NCD for ASHA/ANM in Uttar Pradesh

HLFPPT & National Health Mission-UP have ventured into a new partnership with the objective of **"Capacity Building of Health Service Providers- ASHA & ANM** of Health and wellness centres to work on Non Communicable Diseases (NCD) in the state of Uttar Pradesh".

In order to initiate the trainings, a State level training was organised from August 26-28th in Lucknow to develop a pool of trainers under close guidance of the State Directorate, UP and NHM-UP. The training programme was facilitated by National trainers

Dr. Rakesh Saraswat, Dr. Neeru Verma and Mr. Ashish Kumar.

During this training, critical Non Communicable Diseases (NCD) topics were covered such as oral cancer, breast cancer, cervical cancer, hypertension and diabetes highlighting important aspects such as health promotion, risk factors for NCD etc.

During the Project period, HLFPPPT will provide training to 1,440 batches of ASHAs consisting of 30 ASHAs each and 180 batches of ANMs consisting of 30 ANMs each across all 75 districts in U.P. Two batches of TOTs were conducted to prepare a pool of trainers to provide NCD

training at district and block level. These trainers will further train ASHA & ANM on 05 common NCDs – Breast Cancer, Oral Cancer, Cervical Cancer, Hypertension and Diabetes.

HLFPPT and Brandix India inked a MoU for Employment Awareness Program on HIV/AIDs and NCDs

To empower and sensitize the employee of Brandix India, Vishakhapatnam (a leading apparel manufacturing company) HLFPPPT is implementing a project named "SPRUHA" towards HIV/AIDS, Hepatitis, Diabetes, and Anaemia etc since June 2019.

In this regard, a comprehensive health awareness program is engaged and various IEC material is specifically prepared in regional language as well as in English with special emphasis on HIV/AIDS.

This program is intended for creating a safe, supportive space for meeting greeting sharing and learning with like hearted women for its various activities besides screening for common ailment and regular health check-ups. The social worker of HLFPPPT are playing pivotal role by doing one to one counselling of female workers. These social workers have built trust among the female workers who are taking the counselling session and trying to resolve their problems. Since August 2019, HLFPPPT has sensitized 3190 participants from different units and total 1100 one-to-one counselling conducted, so far.

AWARDS & RECOGNITION

Quality Assurance Initiative for Public Health in Uttar Pradesh

The Technical Consultancy Team of HLFPPPT is working towards helping Clinics, Hospitals and nursing homes in Rajasthan to get quality assured certification from National Accreditation Board for Hospitals & Healthcare Providers (NABH). The award was conferred by Hon'ble Chief Minister of Assam Sh. Sarbananda Sonowal in the presence of Shri Rameshwer Teli- Minister of State, Sh. Himanta Biswa Sharma - Minister of Health & Family Welfare, Shri Pijush Hazarika, Minister of State Health & Family Welfare. The Joint Director and other important dignitaries of State Health Department attended the award function.

JEET HAUSLO KI, KHUSIYA KAAMYABI KI

HLFPPT DDUGKY Skill School won 1st Prize in overall championship; a chance to showcase the extra-curricular talents at the skill fest organized by Kudumbasree, Kerala on 08 November 2019 at Mahila Mall, Calicut. The event was attended by more than 500 people.

Our students participated in a series of competitions at the event and in most of the category, HLPPT won several prizes.

In Rajasthan, Peer-Champion awarded and facilitated on the eve of World AIDS Day-2019

On the eve of **World AIDS Day** 30th November 2019, Alliance India has organised Community Leadership Award and felicitated young & aspiring community leaders who are making difference for community empowerment and HIV response in India during an event "**We Count**". Mr. Suhail Khan (Jaipur) felicitated as Peer Champion to lead the movement in respective area from Rajasthan.

The event was also attended by participants from all over India and performed various talent shows during the program. The event also elaborated upon the success stories of leaders hailing from the community to inspire maximum participants to work tirelessly towards elimination of HIV/AIDS by 2030. In community consultation program Mr. Rahul, Pradeep, Vishal from Punjab and Meetha Lalji (ORW Jaipur) Gurmeil (ORW Sriganaganagar) from Rajasthan were participated at the event.

Harsham - "Happiness Redefined" An Elderly Care program by HLPPT

HLFPPT in association with Kudumbashree Mission is implementing "Harsham Geriatric Care Programme" in the state with financial support of Kerala Academy for Skills Excellence (KASE), the State Skill Development Mission of Government of Kerala, under Department of Labour and Skills.

'**Harsham-Geriatric Care**': A project is to provide Old age/ Elderly care as per the requirement and enable the trained members to earn a decent livelihood in old age /Elder Care and also to reduce the lifestyle disease among elderly living in Kerala. The Geriatric caregivers (Skilled candidates) are providing help to elderly people to perform daily tasks that often become more difficult for the elderly.

HEALTH CAMPS

Special Health and Eye-Check-up camps organised under NSKFDC project

On the occasion of Gandhi Jayanti 2nd October, HLPPT has organised a Free Eye cum health check-up camp under the NSKFDC project at Meerut, UP. The camp was inaugurated by the senior officials of NSKFDC in the presence of HLPPT project staffs. The camp was specially organised for "**Manual Scavenger**". Under the NSKFDC project, there was a requirement by the client side to complete at-least 50 Health camps across India before October 2019, which was proudly achieved by the team HLPPT. In addition to this, HLPPT has conducted another specialty medical camp for street cleaners / sweepers (safai wala) at Kollam Town hall on 14th August 2019. The camp was inaugurated by Kollam district Mayor Sri.V.Rajendrababu.

During the camp Ophthalmology clinic, Gynaecologist, Dermatologist and General physician was available. Another camp was organised in Alappuzha, Kerala. Nearly 100 peoples served with free screening of BP and blood random sugar & distribution of Spectacles were also done. During the camp specialties such as Gynaecologist, Dermatologist specialist, General Physician and Eye specialist were there to serve the Community. Since June 2019, we have successfully organized 82 health camps with average footfall of 250 beneficiaries in various districts of Maharashtra, Bihar,

Jharkhand, Madhya Pradesh, Assam, Uttarakhand, Uttar Pradesh, Rajasthan, Odisha and Haryana.

Eye Check cum screening camp organised under PTC India Project

In coordination with ICARE Eye Hospital, HLPFPT & PTC

Foundation (Trust) in financial support from PTC Financial Services (PFS) has organised an Eye check-up camp in Janta Colony, Zafrabad on August 3rd, 2019. The

Camp was witnessed by more than 135 patients. After the initial diagnosis, 50 spectacles distributed to the needy people. As per the project contract, the client asked total four camps and HLPFPT have done all four thematic Eye-Screening Camps till August by treating 404 beneficiaries.

Boosting the health indicators in Mehboobnagar under Suryodayam Project

HLPFPT is operationalising a mobile medical unit in selected villages of district Mahabubnagar, Telangana with the financial support of Suzlon Foundation. This MMU caters the health needs of 7 villages of Mehboobnagar district in Telangana. An awareness session to sensitize the community was also conducted. In addition to this, an eye screening camp was also organized in all the above mentioned villages in collaboration with L.V Prasad Eye institute and 12 patients underwent for cataract surgery without any charges.

Under NBCFDC Project, HLPFPT organizing General and School, Transgender Medical Camps across Pan India

National Backward Classes Finance & Development Corporation (NBCFDC) inked an agreement for project

implementation with HLPFPT to improve quality of health services and to promote healthy lifestyle among people living in Rural & Urban India including school students. The objective of this project is to promote economic and developmental activities for the benefit of members of Backward Classes living below double poverty line through State Channelizing Agency and RRBs/PSBs. Under its CSR activities, NBCFDC plans to organize two types of Medical Camps viz GMC (General Medical Camps) and SMC (School Medical Camps) on PAN India basis for the duration of two years (19-21). So far, HLPFPT had conducted three General Medical Camps in Ghaziabad, Seelampur and Delhi in which 1095 OPDs have been performed.

Anaemia Screening Camp organised focusing Tribal Population in Kerala

HLPFPT tribal Mobile Medical Clinic (MMC) has detected the veracity of anaemia among tribal in Pathanamthitta District, mainly in avanippara, moozhiyar, chalakkayam hamlets. Further, HLPFPT had submitted the results/facts to the district programme manager, Dr. Aby Sushan NHM Pathanamthitta for further consideration to conduct such initiatives for the welfare of Tribal Population. The DPM has advised HLPFPT to conduct special medical camps for detection of anaemia among tribal population and developmental assessment in the tribal children.

In addition to the haemoglobin detection and developmental assessment, HLPFPT supplied nutritional kits with the help of local sponsors and

elaborated the benefits of iron rich foods with the help of pictured flipbook. These pamphlets also contained a colour coded follow up chart. The camp was flageed off by our Hon'ble Member of Legislative Assembly (MLA) K U Janeesh Kumar on 3rd December 2019, at elephant camp Konni. Through this camp, HLFPT aimed the total eradication of anaemia and developmental problems through proper health check-up and referral of the same at higher facility for better management.

SPECIAL DAYS & EVENTS

स्तनपान एक विकल्प नहीं है, यह एक जिम्मेदारी है !!!

In financial support from Essar Oil, West Bengal, Nutrition week (Sept 1-7) was observed to spread awareness among the community regarding feeding habits and dietary requirements of children as well as for pregnant mothers. HLFPT is the Proud partner to implement the CSR project with Essar Oil. The objective of the

project is to improve the health status of the community in 26 villages in the project area of Faridpur, Kanksa blocks and Durgapur Municipality Corporation under the Durgapur sub-division of Burdwan district in West Bengal.

VISITS

Shaping the healthcare of people residing Tea-Garden Area of Assam

Under the Mobile Medical Unit (MMU) Assam project - on September 24th 2019, Shri Pijush Hazarika, Minister of State, Health & Family Welfare visited Titabar Tea garden (MMU 35) in Jorhat. He appreciated HLFPT and its team for providing quality services. During his visit, he also interacted with beneficiaries and technical staffs. After his visit, Sh. Hazarika spoke with media personal about

the project with pride. JDHS and DPM Jorhat accompanied him during his entire visit time spend at the Service delivery point.

In Assam, total 130 Mobile Medical Units are running and from August-19 to December 2019, total 14293 Health Camps have been conducted in which 801644 No. of patients have been treated. Apart from this, nearly 29288 number of patient referred to tertiary care for further treatment. On an average, every day nearly 56 OPDs are being performed. Especially in Hailakandi and Sivsagar, for which HLFPPPT have been awarded, total no of patient treated is 94069 through 1540 health camps (From Aug-19 to Dec-19).

Keeping more engaged and informed by arranging interactive session & Visits at Old Age Home in Kerala

Guinness Book of World Record Holder Mr. Abheesh Dominic made a courteous presence at "Sayamprabha Home" (Elderly Day Care Center) Chengottukavu, Kozhikode, Kerala

to interact with elderly people living at the Home. The activity was inaugurated by the Local Body Leader Mr. Geethanandan Master, Presided by Local Body Member Mrs. K. Pushpa and facilitated by Senior Citizen Forum President Mr. Govindan Master. The event was Co-ordinated by HLFPPPT Sr. Assistant Manager Mr. Madhusoodanan P.V, Mr. Aravind, Second Innings Home Kannur and Mrs. Mohisha, Swayamprabha Home Kozhikode (Kerala).

Apart from this, Mr. Mithun Ramesh (Famous Actor) has also visited Second Innings Home and interacted with elderly people residing at the home. At present, HLFPPPT is managing & operationalizing four Old Age Homes named as "Second Innings Home" and Swayamprabha Home in the state of Kerala in support with Government of Kerala.

Showcasing Best practices at Centre of Excellence- DEIC, Noida

On November 26th 2019, Sh. Sharad Agarwal (CEO-HLFPPPT) lead the visit of Shri Rajan Sehgal, CMD Handicap Corporation and Shri K. Narayan, MD National

Backward Classes at Center of Excellence-DEIC, Noida for sharing the best practices carried out at the center for early identification of 4Ds.

Till date, 3310 children are screened with total follow up footfall of 10034 and managed cases are 684.

DONATION DRIVE

HLFPPT participated in Daan Utsav- Joy of giving week

HLFPPT has celebrated the Festival of Giving- Daan Utsav - Joy of Giving from October 2nd to 8th 2019. It's a festival where you give your time, money, resources, or skills back to the society. The Donation Campaign was highlighted as दानकानिशन.

This campaign was supported by Giving Tuesday, Global Giving and Daan Utsav. During the week long campaign, Sh. Sharad Agarwal (CEO), HLFPPPT said: " किसी की मदद करके जो खुशियाँ मिलती है, वो आपको कही दूसरे कामो में नहीं मिल सकेगी। सारा भारत, दान उत्सव मना रहा है, जहाँ आप अपने सामर्थ के अनुसार किसी भी रूप में दान दे सकते हैं. आपका दान या तो किसी गरीब की मदद करना हो या अपने आस पास पालतू जानवरो से प्यार करना हो, या फिर अपने कम्युनिटी में लोगो की मदद चैरिटी/डोनेशन कर के करना हो. सब दान ही है। आइये इस दानउत्सव में अक्टूबर 2 से 8 के बीच , एक साथ मिल कर, उनके लिए करे, जिनसे ये समाज बनता है.

Something Extraordinary Mention by National Health Mission, Government of UP

Sh. Sidharth Nath Singh, Hon'ble State Health Minister in Government of UP have recognised and appreciated the works carried out in the Centre of Excellence- District Early Intervention Centre (DEIC) Noida and Normal DEIC in Ghaziabad for early intervention of 4Ds.

He made a series of Tweets, indicating the services being offered at Ghaziabad DEIC centre and urges people to come and visit with their child facing any difficulties and having any defects at child birth.

TRAINING & ADVOCACY

Serving Safe and Hygienic food in your plate by providing training to Street food vendors

Do you know, what makes your Street Foods Safe and Hygienic? It's proper training and guidance towards making safe and healthy food.

In line with above, HLPPT had organised several training for Street Food Vendors at Anand Vihar and other locations, New Delhi. An open house discussion was also conducted to understand the problems faced by street food vendors.

Not just this, Vendors have also taken oath towards making food with proper care and Hygiene. In Addition to this, HLPPT has provided training on food and safety to more than 30 Street Food Vendors at Community centre, JJ colony, Bawana, and sensitised them about the good health practices to follow. Since December 2018, 194 total number of Health camps organised so far under the Mobile Medical Clinic Project funded by PTC India.

HLFPPT is operationalizing Skill Labs in Chhattisgarh

With funding support of NHM CG, HLPPT has operationalized 10 Skill Labs across various districts of Chhattisgarh state. These skills labs would provide the opportunity for repetitive skills practice, simulation of clinical scenarios and training for healthcare providers under the supervision of a qualified trainer with a view to improving the quality of RMNCH+A services. HLPPT would also conduct a TOT for key service providers from these facilities and skill labs to acquaint them on prototype demonstration and

competency based training using stimulations

Apart from above, in partnership with NHM-UP, HLPPT is working closely to capacitate providers on IUCD/PPIUCD for ensuring quality service provision since 2013. In 2019-20, HLPPT is capacitating 3000 Health Service Providers on PPIUCD/IUCD & PTK through a 5 days training program. In addition, we also provide follow-up support to the trained HSPs.

Bringing happiness in the life of Children living with HIV/AIDS

The core point of success of HIV/AIDS program is endless effort made by the State team and sustained Advocacy effort made towards providing better service to the Children Living with HIV (CLHIV). In continuation with this, CLHIVs has received the warmth and love from Sh. Dinesh Chand Jain, District Collector of Pali, Rajasthan through its Care and Support Centre (CSC). During the distribution program, the DC had distributed Fruit Bag (5 kg/bag), Dresses (Self picked by Children at the showroom) and stationery to CLHIVs promoting good and healthy life among affected community.

After the distribution of "Bag of Happiness", DC-Pali assured HLPPT to provide all possible support for the expansion of such kind initiative in the State. He also stated that, whatever the State Government can do to address the issues being faced by CLHIVs, they will surely provide the support.

SUCCESS STORY

Living my childhood ambition after getting skilled under "HARSHAM Skill Development Course" from HLPPT

Met with Mrs. Elsy Kuriakose awarded with Best Performance Award 'Care Giver - Live-in

Care 2019' for providing best care to the elderly people. She is living with her two children and belongs to a poor family from Ernakulum, Kerala. He is the sole bread winner in her family because of the bad health condition of her husband. Earlier she was associate with local hospitals as Patient Care Assistant with low earning. After the successful completion of the skill training under HARSHAM Project managed and operationalised by HLPPT on behalf of Kudumshree, Kerala (Govt. of Kerala) she got new job as Patient Care Assistant. She is very happy to work as Nursing care which was her childhood ambition.

From Rag-Picker to Smart Student: An extraordinary journey of Raju

Namaste !!! I am Raju (name changed) from tribal area of Barwani (MP) facing problem with less hearing and I am 7th class dropped out student. My parents were never convinced that, I have some hearing issues. They also never taken me to any doctor for consultation. I was a rag picker. My parents wanted me to bring money every day but I always wanted to do further study for my good future. It could have never possible, untill I met with Mr. Priyanshu (RKSK Team HLPPT), who have visited my village to identify and support to those Adolscenens, who are facing these kind of issues and being depressed in daily life.

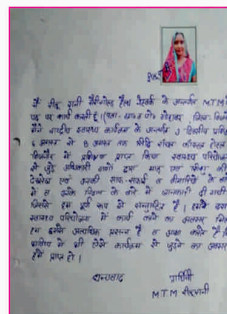

Through continuous visit and effective counselling done by RKSK counsellor, Raju's parents realised and changed their decision from sending him to daily wage work to studies. After discussing all his issues, his mother cried after she realized her mistake of not understanding his problem. Counsellor provided counselling to his parents as well and advised them to first provide a treatment for his ears then as per his interest make him continue his studies, which they agreed upon and assured to show him in the district hospital.

Changing the meaning of "IMPOSSIBLE" to I-M-POSSIBLE at DEIC through proper management and care

Meet Master Divya (name Changed), a 2 years 10 months old girl diagnosed with mild-moderate autism with moderate intellectual disability diagnosed in November 2019. This includes Hyperactivity, Not paying attention/not aware of anyone around, unable to follow

instructions, Low eye contact and less name call response along with language delay.

Specialist at the Noida DEIC centre, come-up with three categories planning after conducting intensive behaviours intervention to increase concentration, Imitation of actions and help child to follow simple commands.

Success Story of Community Health Worker Skilling Program: GE Healthcare, IPE Global and HLPPT team successfully organized training for **3046 CHW Till Dec'19** across various district of UP and Rajasthan. In this regards, feedback received from Merry Tarang Workers is shown here.
