1	If the vehicle is unavailable at site when our team visits for assessment, it should be considered as an assessment and a report of unavailability will be provided to you and shall be billed as per actual.	It will be ensured that the exact location with detailed address shall be provided at the time of issuance of WO to the selected agency
2	If we revisit any site or location then it will be billed extra.	It will be ensured that the exact location with detailed address shall be provided at the time of issuance of WO to the selected agency
3	In case of any documents unavailable at the time of visit, physical verification will be done and documentary verification will be conducted separately.	If any document is not available in Vehicle/MMU the same shall be referred in the report mentioning the deficiency in documents available for running the vehicle
4	Please consider changing the last date of submission to 25 th October 2024 as very less gap in pre-bid meeting and final submission.	The bid submission date is extended to 22 nd October 2024 by 6:30 PM
